

Tools of the trade.

To Our Valued Angelo's Customers,

First and foremost, we hope you are having a safe, healthy, and happy new year!

The purpose of this email is to update you on our latest COVID-19 protocols as case numbers have increased in both Pennsylvania and Ohio. Our highest priority is to continue meeting your needs on a daily basis.

Effective January 7, 2022, through January 31, 2022, Angelo's SDG Salon Consultants will be working on a remote-hybrid schedule. Depending on factors such as customer preference, location, salon size, and commute — consultants will either meet with customers, fully masked and in-person, or via Zoom or phone call. Your consultant will contact you ahead of time to discuss meeting options. This should be a mutual decision between you and your Salon Consultant — keeping each other's best interests in mind.

Taking these precautions is the most logical way to keep salon owners, stylists, salon customers, and our consultants safe from the recent challenges COVID-19 has presented.

As February approaches, we will inform you on updates as we reevaluate our current position.

Sincerely,
Chris Fatica
