PRECISION CUTTING CORE SHAPES

(Formerly Foundations I) Horizontal perimeter shapes, blunt lines and graduation are the foundation of classic British style precision cutting. These advanced concepts serve as the core to all great creative haircuts and styles. The Precision Cutting: Core Shapes course provides inspiration and skill advancement for all levels of stylists, from recent school graduates to seasoned veterans. Course includes comprehensive theory, demonstration, hands-on instruction and business building strategies.

Eufora ACADEMY INSTRUCTOR

Alissa Alvarez

Alissa has worked with Eufora for over 19 years, having fallen in love with the product line at her first Eufora Salon in 2001. After completing Foundations at the Eufora Advanced Training Academy, her talent was quickly recognized and she was invited to become a Eufora Academy Instructor

within her first year and then became a Eufora National Trainer in 2011. Her styling and colorwork has been featured in publications like Modern Luxury Brides and San Diego Magazine, but her passion for mentoring and sharing her knowledge has shaped this National Trainer a phenomenal educator for Eufora.
